Subject: RE: Potential Project Meetings in August

Jim – I think that is a great idea. Chip is not back from (b) (6). We will discuss and send you some dates. FYI...I don't get a vacation until the RI comments are done (talk about incentive!)

Subject: Potential Project Meetings in August

Chip and Kristine:

Last week you mentioned that the EPA team may be ready in mid-August to hold a one or two day meeting with the LWG to discuss key FS issues. It was also discussed that we may want to dove-tail this with a separate meeting on the RI/BERA (e.g., one day for the RI/BERA, followed by one or two days for the FS).

I know several of our team members have already arranged vacations in August (e.g., (b) (6)). I imagine members of the EPA team have also scheduled vacation time in August.

Since August is just around the corner do you want Jen to start arranging these meetings or at least reserve a few dates? If so, we'll need the list of attendees and the number or hours or days you want per subject (e.g., we can pencil in the number of hours/days for the RI/BERA and FS, and then generate a more detailed agenda in late July or early August).

Thanks,

Jim McKenna
